Course Requirements and Responsibilities

On January 9 we shall have a full class discussion about requirements, responsibilities, and scheduling. Guests representing the Ontario Municipal Benchmarking Initiative (OMBI) will be present to outline the research and learning opportunities deriving from our Program's new partnership with OMBI (see "Written Assignment" below).

- Oral presentation – 20%
Starting on February 13, each student will be required to make one oral presentation relating to the subject matter of their written assignment. Presentations relating to OMBI will be scheduled toward the end of the course. Dates for other

presentations will be assigned so as to match as closely as possible the assigned topic for a particular class session.

- Written assignment – 60%

An essay of about 2500-3000 words containing a comprehensive analysis of the policy process relating to a local decision or non-decision. The issue can be chosen by the student but must be approved by the instructor. Topics related to the six policy fields covered by Horak and Young in *Sites of Governance* are particularly encouraged. **OR**

A written submission relating to work connected with the partnership between our Local Government Program and the Ontario Municipal Benchmarking Initiative (OMBI). The plan for this project must be approved by the instructor.

Due April 10

- Overall Participation – 20%

(Graduate) Statement of Academic Offences

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site:
